

## A NOTE FROM OUR EXECUTIVE DIRECTOR

Dear Friends,

Our top priority remains saving the lives of unborn babies and secondly giving their moms and dads the tools to make healthy and wise decisions regarding childrearing and daily living.

With that in mind, initial plans were begun to explore offering no-cost ultrasounds. Board members and I visited other pregnancy centers in the SW Pennsylvania area offering this service to fully understand the type of commitment this would take from our staff, board and the community.

Annually we are evaluated by Real Alternatives to assure our compliance to their standards. We are pleased to report that we were issued 100% in the accuracy of client files and staff and volunteer clearances, and building standards.

Classes to advance the skills and personal growth of clients remain a primacy. Instruction in practical life skills such as budgeting and money management and nutritional cooking taught by professionals in those areas proved to be favorite classes for our moms and dads.

Speaking of dads, we are delighted to report that a group of our fathers formed a men's group, Iron Men, to support one another spiritually, educationally and emotionally. These guys also committed to volunteering in the center one evening a month. Progress!

Vera Marelli

## PROGRAM STATISTICS

### Parent & Baby:

Client visits	2,641
Clothing, food and diapers distributed	14,073
Education class attendees	1,586
Counseling sessions	100
Volunteer hours	2,620
In-kind donations value	\$408,318
